

To the president of the Class of 2019

Mr. President, My name is George Schaefer. I went to Overbrook High School back in the sixties. I was suppose to graduate in 1969. But instead I joined the service and volunteered for Viet Nam. I spent two years in viet-nam. I have since received my G.E.D but missed the opportunity of graduating. 2019 will be the 50th anniversary of my missed graduation. I have seen over the years where some senior classe have let Veterans who missed graduate because of war service to join the class for graduation. I am asking you & the class of 2019 if you will allow me to fulfill my dream & finally graduate. It would be an honor. I am a 100% disabled veteran and I live in Pine Hill. Please discuss this with your class mates. If you would like to talk to me. I would be at your service. I will await your decision.

Respectfully Yours.

George H Schaefer
